

The Indian Institute of Packaging (IIP) participated in the Organic Agricultural & Dairying Expo 2026 held at the Panjim Convention Center, Goa, from 18–20 July 2026.

During the three-day exhibition, the IIP stall attracted a large number of visitors, including representatives from the agriculture, dairy, food processing, as well as students and entrepreneurs. Detailed information was disseminated on the Institute's activities, packaging solutions, testing and consultancy services, research and development initiatives, packaging design, quality evaluation, and its role in promoting safe, sustainable, and innovative packaging practices.

The visitors were also extensively informed about IIP's various training programmes, educational courses, workshops, skill development initiatives, and industry outreach programmes, which are aimed at enhancing packaging knowledge and capacity building across different sectors. The Institute's contribution towards sustainable packaging, food safety, shelf-life enhancement, and value addition for agricultural and dairy products received keen appreciation from the visitors.

A special highlight of the event was the visit of Shri Narendra Singh Rathod, Principal, PM Shri Kendriya Vidyalaya, Vasco, Goa, to the IIP stall. He interacted with the IIP representatives, appreciated the Institute's significant contribution towards packaging education and industry support, and commended its efforts in creating awareness about various training programmes conducted by IIP. On the occasion, he felicitated the Indian Institute of Packaging by presenting a Participation Memento in recognition of its valuable contribution to the exhibition.

The participation provided an excellent platform for networking with industry stakeholders, promoting IIP's services, and strengthening its outreach among educational institutions, entrepreneurs, and the packaging fraternity.
